4-H Cloverbud Member,

You are invited to the 2015 Cloverbud Jamboree! This is a mini county fair just for you, where you can show off your projects, make crafts, play games, sing songs, and more! The Jamboree will be Wednesday, July 15, 2015, 5:30-8:00pm at the 4-H Food Stand Building on the Pine County Fairgrounds in Pine City. A light dinner will be provided and this event is FREE!

The Jamboree is a special event for you to bring up to 3 items to show from the 6 areas listed below. Please do not bring more than one item in an area.

**Animals:** Lap animals only. This means that the animal has to be able to fit on your lap. All animals must be healthy and clean. You are responsible for providing a cage for your small animal and you should provide food and water for your animal and clean up after it.

**Family & Consumer Sciences:** This includes foods, needle arts, home environment, child care, health and safety. Ideas for foods are nutritious snacks, and baked items (please put food on a paper plate and placed in a clear plastic bag). A simple sewn, embroidered, cross-stitched, knit, crocheted, woven, or other item can also be shown. Additional ideas include posters of good eating habits, my plate, food preparation, food safety, or a first aid kit.

**Expressive Arts:** Crafts, posters, artwork, collections, or photography.

**Mechanical Science & Natural Resources:** Ideas for these areas are any wooden item you made like a birdhouse or feeders, posters on fishing, species of fish, hunting, safety, bike safety, farm safety, water safety, water quality, wildlife, litter and recycling. Additional items include rock and bug collections, models, rockets, airplanes or any electric item they make.

**Demonstrations & Speeches:** A demonstration or speech should be no longer than 5 minutes. In a demonstration, the cloverbud will show and tell how to do something.

To enter complete the entry form and send it to the extension Office. You may want to have a parent or adult help fill out the entry sheet.

On Jamboree Day, bring your items to the 4-H Food Stand Building on the Pine County Fairgrounds at 5:30pm. The fairgrounds are located on the west side of CR-61 on the north end of Pine City.

All cloverbuds will show their entries to a judge (older 4-H member) and explain a little about their projects. While the cloverbud is being judged we encourage parents to take pictures and let the cloverbud explain the project to the judge. After showing the items to the judge, a light dinner will be served. Then we’ll participate in some fun activities with our Pine County 4-H Ambassadors. Youth don’t even need to bring projects to participate in all the fun activities.

See you at the Jamboree!
