Growing Garlic in the Home Garden

Join the Chisago County Master Gardeners as we welcome Carl Rosen, Soil Scientist, University of MN. Carl will be sharing his love of Growing Garlic in Minnesota.

Garlic is a relatively new crop for Minnesota gardens and farms. In this presentation, the major garlic types and some of the best varieties to grow in Minnesota will be discussed. General requirements for growing a successful crop as well as potential pest problems will also be covered.

**Tuesday, September 8, 2015**

6:30 p.m.-8:30 p.m.

Cost to attend ~ $5.00 Each

**Location: Maple Commons (Senior Center)**
38794 6th Avenue ~ North Branch, MN 55056

Class size is limited, please call 651/277-0151 to register for the class, or e-mail Susan Humble @ humb0025@umn.edu by: 9/4/15

Carl will also be selling some of his garlic after the class ~ don’t miss out!

“*The mission of the University of Minnesota Master Gardener program is to support Extension by providing volunteers trained in horticulture to educate the public with research based information on the best practices in consumer horticulture and environmental stewardship.*”
