Message from Dorothy

Dear 4-H families and volunteers,

Over the last few years, you may have heard or read about how youth need “social-emotional” or "soft" skills to succeed in learning, school, work and life. More and more, the value of these skills - including confidence, self-control, caring, and problem solving – is being examined to understand how they are acquired, and where and how they are being taught.

Youth learn these skills in a variety of environments – at school, in youth programs and at home.

The Search Institute recently released a study called, “Don’t Forget the Families,” which highlights the power of family relationships as a critical, but often neglected, factor in developing these skills. A key finding is that parent-child relationships are 10 times more powerful than race, ethnicity, family composition, and family income in predicting whether children are developing these skills.

I encourage families to explore how you can help youth develop social emotional skills that will prepare them to succeed.

Sincerely,

Dorothy M. Freeman
Associate dean and state 4-H director

Thank you!

Dear Rock County 4-H Families & Friends,

Thanks to everyone for the good wishes and wonderful farewell party! Thanks also to Sheila for the wonderful cake. I have really enjoyed the last 15 years with the 4-H Program and will definitely miss the great times and great people. However, I look forward to seeing many of you this summer when I come to the fair as a visitor!!

Respect and 4-H

Dear members, parents, club leaders, volunteers, and extended 4-H family:

Please remember to respect the places in our communities that allow us to hold our 4-H meetings in their buildings. This is true whether your club meets in a Legion Hall, a church, library, elevator, restaurant, or ANYWHERE. Your 4-H group should be staying together in the area of the building that has been designated for your 4-H meeting. Youth should be supervised at all times, whether indoors or outdoors, and might need friendly reminders. You might remind them to walk, to use their indoor voices, or that some activities aren't really suitable for the location in which you are meeting. Keep modeling and practicing those “soft” skills. Please take a couple minutes as a family and as clubs to review the parameters of your meeting locations and expected behavior, so our members can represent 4-H in a best way possible!

Fruit & More Sale

**Friday, March 18: 2-4 pm**
Rock County Highway Department

Remember: Each club needs 3-4 adults or older youth to help inventory and sort boxes into clubs (usually between 12-1 p.m.) BEFORE the rest of the families arrive.

CONGRATULATIONS, and THANKS to this year’s members for doing a fantastic job selling AND to this year’s members, parents, & club coordinators for totaling the orders and matching up the money! Total sales were $44,042.00, just a couple thousand more than last year. Our profit will be over $10,000 this year, so it
continues to be a very successful fundraiser for our program. All your efforts allow us to do fun things in the county and you earn money for your club, &/or prizes for yourself as well. Each club will receive 8% of their total sales to use for club activities and community pride.

Congratulations to our TOP sales families! Thanks to the Burkman, Raak, Flanagan, Tiesler/Domeyer, Kruse, DenHerder and Honken families!

Overall, the Blue Ribbon Club had top dollar in club sales ($13073.50), with Magnolia Juniors ($10956.50) second. Denver Go-getters averaged the most per family, and the Klarissa & Krista Burkman family had the highest sales in the county. Here's the breakdown by club:

Rock County 4-H Improvement Funds

Improvement Committee will be meeting on April 25, 2016 (tentative)

This time of year clubs and groups are often thinking of things needed to improve our 4-H Program and are encouraged to fill out “Proposals for the use of Funds”. The percentage of Fair Auction money that stays with the 4-H Program is used for these proposals. The committee evaluates the fund requests received from 4-H groups, committees, or clubs. Fund requests should be for items or improvements that benefit the whole Rock County 4-H Program, or activities that are available to all members. Approved expenditures in the past have included such things as new stand-up fans, commercial refrigerator & fryer in the Foodstand; picnic tables outside of the Foodstand, the portable sound system, and the new digital camera. If you or your group has ideas for improvements or suggestions (especially those that would improve our Fair) please submit your Fund Proposal form ASAP.

**The 4-H Pledge Challenge**

You know the 4-H pledge by heart, right? But do you really apply the pledge to your 4-H work? When we say the pledge over & over, we can end up just repeating the words. If we focus on the meaning of those words, it should motivate us to be model 4-H members. The 4-H Pledge is really a challenge for all of us to be the best we can be. Think about the challenges being made to you as you say the pledge.

I challenge:

- My HEAD to be more creative in all my 4-H work and not be satisfied with a mediocre job. My projects, records, and presentations should represent the best work I can do.

- My HEART to be kind and fair. I need to recognize my own special abilities and those of people around me. I should not be judgmental of those who do their work differently.

- My HANDS to serve my fellow 4-H member & those in the community. I need to think of other’s needs more often and help and lead when I can.

- My HEALTH to keep me active in 4-H. I need to stay energetic and enthusiastic so others will be encouraged to join and/or participate.

Have a great year in 4-H!

Making Clubs Better

Quality is one of the most important issues in youth programs. High quality youth programs are related to having a positive impact on the development of young people and 4-H clubs and activities have a great responsibility for experiences they provide.

The Pyramid of Youth Program Quality has four parts. In an interactive environment youth are partnering with adults on a variety of experiences, involved in small groups within their clubs, have a feeling of belonging and lead and mentor other youth.

- Are youth leading the ideas and activities of the club or project with support from adults who are able to sit back and let the youth take the lead?
- Are some of the activities and projects happening in smaller groups instead of with the entire club?
- Are member’s names being used to make them feel like they belong and are all members ideas sought out, even the quietest of youth?
- Do the older youth mentor the younger members through project support, youth
leadership opportunities and/or inviting them to be part of an event?

4-H clubs can improve the quality of the experience for youth by focusing on just one or two areas! Please look over the pyramid and refer to it before, during and after your 4-H club meets in this month.

“All together, Not all the same”
SW Region Live Webinar – March 17, 2016, 6:30 p.m.

MN 4-H Fall Volunteer Training 2015

What’s your history? What’s the story of your name? We each have different experiences, backgrounds, values and beliefs that make us who we are. If your club has not had someone attend the Volunteer Training “All together, Not all the same” or you heard about the training and would like first-hand experience, plan to join this live SW Region online training on Thursday, March 17 from 6:30-8 p.m. We have received great feedback on this training designed to help us grow closer as a 4-H community by celebrating our uniqueness through understanding our differences. Learning objectives include:

- Recognizing your own cultural lens and how that lens impacts your relationships with others.
- Learning strategies and gaining tools and skills to implement when working across difference in the 4-H program.

This training will provide you the opportunity to integrate principles of positive youth development with diversity and inclusion practices that can be applied to the 4-H program that you serve. You’ll leave with a new perspective as well as resources, activities and lessons you can use with your club, project, or any other context. Please RSVP to receive webinar details by contacting Carrie Olson, Extension Educator working with Volunteer Systems at olson166@umn.edu
