Summer Camp Counselors Needed

4-H camp counselors are needed to help lead summer camp, to be held near Park Rapids **June 7-10**.

Youth leaders in grades 9 and up are encouraged to consider this fantastic experience. If interested, click [http://z.umn.edu/prcamp](http://z.umn.edu/prcamp) to become a 4-H camp counselor or contact your county Extension office for an application. Applications are DUE to your County Extension office no later than **April 1**.

Each county has a specific number of camp counselors they are responsible to provide. Being selected to be a camp counselor is not a privilege or a right; rather it is an opportunity to learn effective leadership skills. Preference is given to first and second year counselors. Those who have already had the opportunity to serve as a counselor...
for two years are only accepted when the desired number of counselors cannot be reached.

New camp counselors are required to attend counselor training May 13 & 14 in Brainerd at the Crow Wing County Land Services Building. Training begins Friday at 6:00 p.m. and ends Saturday at 3:00 p.m. Returning counselors have the option to attend the full training if they wish, but are REQUIRED to attend the May 9th afternoon planning session. Selected youth will pay half of the training cost. Your county council/federation pays the remaining half. Counselors pay nothing for 4-H Summer Camp.

**4-H Summer Camp**

**Mark your calendars!**
Summer Camp dates have been set for June 8-10 at Northern Pines Camp near Park Rapids. All 4-Hers in grades 3-6 are invited to attend. More information and registration details will be available soon!

**Livestock Quality Assurance & Ethics (LQA&E)**

**Are YOU Certified?**
All youth in grades 6 and above participating at the State Fair and the NE 4-H Livestock Show as a 4-H livestock exhibitor in beef, dairy, sheep, swine, poultry, rabbits, meat and dairy goat and lama must have completed the Livestock Quality Assurance and Ethics workshop. Certification is required prior to county fair qualifying show and is good for three fair seasons. The level of training required is determined by the grade of the youth at the time the training takes place.

NOTE: ALL certification must be up-to-date **BEFORE the county fair**. It is YOUR RESPONSIBILITY to make sure that your certification is current if you plan to participate in 4-H livestock exhibition opportunities beyond the county fair!! If you have been certified in the past, you will be notified if you are due to re-certify. Or, you can call the Extension Office and check if in doubt.

Trainings currently scheduled in our region are:

- **Saturday, April 1** – 12:45-4:00 p.m., Morrison County Government Center, 213 First Ave SE, Little Falls. Please enter through the Sheriff’s Department door.
- **Friday, April 8**, 6:15-9:00 p.m., Courthouse Annex II Basement, 119 Third St S, Long Prairie.

Message from Dorothy

Dear 4-H families and volunteers,

Over the last few years, you may have heard or read about how youth need “social-emotional” or “soft” skills to succeed in learning, school, work and life. More and more, the value of these skills - including confidence, self-control, caring, and problem solving - is being examined to understand how they are acquired, and where and how they are being taught.

Youth learn these skills in a variety of environments – at school, in youth programs, and at home.

The Search Institute recently released a study called, “Don't Forget the Families,” which highlights the power of family relationships as a critical, but often neglected, factor in developing these skills. A key finding is that parent-child relationships are ten times more powerful than race, ethnicity, family composition, and family income in predicting whether children are developing these skills.

The Search Institute has created a useful booklet called “Bringing Developmental Relationships Home: Tips and Relationship Builders for Families” with activities and tips that families can use to help youth develop these important skills and strengths: http://z.umn.edu/families.

I encourage families to explore how you can help youth develop social emotional skills that will prepare them to succeed.

Sincerely,

Dorothy M. Freeman
Associate Dean and State 4-H Director

SS&W leader trainings

The Shooting Sports & Wildlife program development committee invites you to attend a 4-H Shooting Sports & Wildlife Leader Certification! The committee recommends that leaders attend the entire certification weekend every five years. Now is your chance to attend!

The training is designed for adults and youth (9th grade and older) that lead or would like to lead training in shooting sports or wildlife. Classes will be offered in the disciplines of coordinator, archery, rifle/pistol, shotgun, muzzle-loading, and wildlife. This training meets the 4-H project leaders' requirements for certification and recertification. Although there is range time
allocated in the schedule, the majority of the training is classroom work to become an effective instructor.

**April 23-24**
St. Mary’s Church/Kanabec County Gun Club, Mora
OR
Worthington Regional Office, Worthington

Registration materials will be available online at [www.4-h.umn.edu/events/shooting-sports-certification/](http://www.4-h.umn.edu/events/shooting-sports-certification/). Deadline to register is **April 8**. Disciplines fill quickly, so make sure registration forms are sent in early!
